I come home before midnight because the journey from the Television Centre to my home in north London takes six minutes. My family are all asleep when I get in, but I usually make a drink of hot milk and read a book for

about an hour. I always get up to have breakfast with my three children before they catch the school bus. Then I take the newspapers and go back to bed for a short time. Later on, I go for a swim. I sometimes go running. I have done the London Marathon twice. That's a race of over 40 kilometres. I finished each time, but I wasn't among the first! I start work after lunch at two o'clock, when I go to my office.
