### Level I. Forms 2

Hi, I am Lorainne and I come from Canada. I am twelve years old and I live on a farm with my mum and dad and my two brothers. We do have horses. They are my favourite animals. I love riding.

### Level II. Forms 3-4

- Hello, can I help you?
- When is the next train to Oxford?
- It's at ten thirty. Platform three.
- Thank you.
- The train for Oxford is now arriving at platform three.
- I'd like three tickets to Oxford, please.
- That's thirty pounds.
- Here you are.
- Thank you.

### Level III. Forms 5-6

- Hi, Sarah! How about going to the new shopping centre on Saturday?
- I don't know Mark. That means spending money and I haven't got much.
- Well, you can help me spend my birthday money.
- Gosh, Mark! I'm so sorry I forgot your birthday!
- No, you didn't. It's next Thursday on the fourteenth. But yesterday my aunt Mary gave me twenty-five pounds to buy my birthday present.
- What do you want to buy with your money?
- I can't decide. I need a pair of trainers, but I would really like a new video game!
- Okay, I'll come with you if you buy me an ice cream.
- Of course I will. A big cone.

### Level IV. Forms 7-8

- What happened to your car?
- I had a crash yesterday. I'm getting it repaired next Tuesday.
- What happened?
- Well, I was driving along the road when a boy on the scooter tried to overtake me. He didn't have enough space and although I stamped on the brakes in an effort to avoid him, he hit the side of my car.
- Oh, was he okay?
- He fell off his scooter but only had a few bruises. His passenger broke his arm though.
- Are you covered by the insurance?
- Oh, yes. It wasn't my fault. So, the boy's insurance company will have to pay for the damage. Well, I hope so. But he wasn't wearing a helmet, so I just don't know. They could say he was driving the scooter illegally. Then I'll have to claim the money from his family. I hope they are rich. There was a lot of damage.

### Level V. Forms 9-11

Good morning! Are you all comfortable? Our journey to the carpet factory will take about an hour depending on the traffic. So, on the way I'll tell you some things about this region and today's tour. In the north and west of the region there are mountains as high as 3000 metres with many caves and underground rivers. On the coast there is a narrow bend of flat land with beaches and the sea plunges down very quickly to a depth of 200 metres. Local economy depends on agriculture and the region produces cotton, peanuts, citrus fruit and many vegetables. Because of the climate beaches, waterfalls, caves and historical sights, each is now also an important area for tourism as you'll see from a number of hotels and holiday villages we'll be passing. It hardly ever rains in summer here, so don't worry about the weather for the rest of your holiday. However, there is a lot of rain in December and January and sometimes in the autumn. Usually only 50 days a year are rainy or cloudy, the rest are sunny and hot. And it is possible to swim in the sea almost nine months of the year. In the winter people ski in the mountains forty kilometres away from the city centre, then come back to swim in the sea on the same day.
